VAS (Voice Advisory Service)

Group:

The Voice Advisory Service provides free advice and guidance to institutions on all aspects of voice technologies, focusing on Voice over IP (VoIP) and IP Telephony.

Advice to the Janet community is provided free of charge. We make best endeavours to provide accurate, impartial and unbiased advice, however any information provided regarding specific products should be checked with the relevant suppliers and any cost indications are estimates only - binding quotations should be sought from the appropriate supplier.
